5 Title I Parent and Family Engagement

6
7 The District endorses the parent and family engagement goals of Title I and encourages the
8 regular participation of parents and family members (including parents and families of migrant
9 students if applicable) of Title I eligible children in all aspects of the program to establish the
10 agency's expectations and objectives for meaningful parent and family involvement. The
11 education of children is viewed as a cooperative effort among the parents, family members,
12 school, and community. In this policy the word "parent" also includes guardians and other
13 family members involved in supervising the child's schools.
14

15 Pursuant to federal law the District will develop jointly with, agree upon with, and distribute to
16 parents of children participating in the Title I program a written parent and family engagement
17 policy. This may include meaningful consultation with employers, business leaders, and
18 philanthropic organizations, or individuals with expertise in effectively engaging parents and
19 family members in education.
20

21 At the required annual meeting of Title I parents and family members (including parents and
22 families of migrant students if applicable), parents and family members will have opportunities
23 to participate in the design, development, operation, and evaluation of the program for the next
24 school year. Proposed activities to fulfill the requirements necessary to address the requirements
25 of family engagement goals shall be presented.
26

27 In addition to the required annual meeting, at least three (3) additional meetings shall be held at
28 various times of the day and/or evening for parents and family members of children (including
29 parents and families of migrant children if applicable) participating in the Title I program. These
30 meetings shall be used to provide parents with:
31

- 32 1. Information about programs provided under Title I;
33
34 2. A description and explanation of the curriculum in use, the forms of academic assessment
35 used to measure student progress, and the proficiency levels students are expected to
36 meet;
37
38 3. Opportunities to formulate suggestions and to participate, as appropriate, in decisions
39 relating to the education of their children; and
40
41 4. The opportunity to bring parent comments, if they are dissatisfied with the school's Title
42 I program, to the District level.
43

44 Title I funding, if sufficient, may be used to facilitate parent attendance at meetings, through
45 payment of transportation and childcare costs.
46
47

The parents and family members of children (including parents and families of migrant children if applicable) identified to participate in Title I programs shall receive from the school principal and Title I

staff an explanation of the reasons supporting each child's selection for the program, a set of objectives to be addressed, and a description of the services to be provided. Opportunities will be provided for the parents and family members to meet with the classroom and Title I teachers to discuss their child's progress. Parents will also receive guidance as to how they can assist at home in the education of their children.

Each school in the District receiving Title I funds shall develop jointly with parents and family members of children served in the program a "School-Parent Compact" outlining the manner in which parents, school staff, and students share the responsibility for improved student academic achievement in meeting state standards. The "School-Parent Compact" shall:

1. Describe the school's responsibility to provide high quality curriculum and instruction in a supportive and effective learning environment enabling children in the Title I program to meet the state's academic achievement standards;
2. Indicate the ways in which each parent will be responsible for supporting their child's learning, such as monitoring attendance, homework completion, and television watching; volunteering in the classroom; and participating, as appropriate, in decisions related to their child's education and positive use of extracurricular time; and
3. Address the importance of parent-teacher communication on an ongoing basis with, at a minimum, parent-teacher conferences, frequent reports to parents, and reasonable access to staff.

The activities authorized under this policy may include establishing a parent advisory board comprised of a sufficient number and representative group of parents or family members served by the district to adequately represent the needs of the population served by the district for the purposes of developing, revising, and reviewing the parent and family engagement policy.

The screening instrument must be administered to:

(A) a child in the first year that the child is admitted to a school of the district up to grade 2; and

(B) a child who has not been previously screened by the district and who fails to meet grade-level reading benchmarks in any grade;

The screening instrument shall be administered by an individual with an understanding of, and training to identify, signs of dyslexia designed to assess developmentally appropriate phonological and phonemic awareness skills.

If a screening suggests that a child may have dyslexia or a medical professional diagnosis a child with dyslexia, the child's school district shall take steps to identify the specific needs of the child and implement best practice interventions to address those needs. This process may lead to consideration of the child's qualification as a child with a disability under this policy.

Procedures for Evaluation and Determination of Eligibility

Procedures for evaluation and determination of eligibility for special education and related services are conducted in accordance with the procedures and requirements of 34 C.F.R. 300.301-300.311 and the following state administrative rules:

A copy of the procedural safeguards available to the parents of a child with a disability must be given to the parents only one (1) time a school year, except that a copy also must be given to the parents:

- Upon initial referral or parent request for evaluation;
- Upon receipt of the first state complaint under 34 CFR 300.151 through 300.153 and upon receipt of the first due process complaint under 34 CFR 300.507 in a school year;

The referral for special education consideration may be initiated from any source, including school personnel. To initiate the process, an official referral form must be completed and signed by the person making the referral. The District shall accommodate a parent who cannot speak English and therefore cannot complete the District referral form. Recognizing that the referral form is a legal document, District personnel with knowledge of the referral shall bring the referral promptly to the attention of the Evaluation Team.

The District shall give written notice to the parent of its recommendation to evaluate or not to evaluate the student. The parent will be fully informed concerning the reasons for which the consent to evaluate is sought. Written parental consent will be obtained before conducting the initial evaluation or before reevaluating the student.

To the maximum extent appropriate, children with disabilities, including children in public or

private institutions or other care facilities, are educated with children who are nondisabled, and special classes, separate schooling, or other removal of children with disabilities from the regular class occurs only if the nature or severity of the disability is such that education in regular classes, with the use of supplementary aids and services, cannot be achieved satisfactorily. Educational placement decisions are made in accordance with A.R.M. 10.16.3340 and the requirements of 34 C.F.R. 300.114 - 300.120, and a continuum of alternate placements is available as required in 34 C.F.R. 300.551.

As set forth under 34 C.F.R. 300.137, children with a disability placed in or referred to a private school or facility by parents do not have an individual right to special education and related services at the District's expense. When services are provided to children with disabilities placed by parents in private schools, the services will be in accordance with the requirements and procedures of 34 C.F.R. 300.130 through 300.144, and 300.148.

Impartial Due Process Hearing

The District shall conduct the impartial hearing in compliance with the Montana Administrative Rules on matters pertaining to special education controversies.

Special Education Records and Confidentiality of Personally Identifiable Information

A. Confidentiality of Information

The District follows the provisions under the Family Educational Rights and Privacy Act and implements the procedures in 34 C.F.R. 300.610-300.627, § 20-1-213, MCA, and A.R.M. 10.16.3560.

B. Access Rights

Parents of disabled students and students eighteen (18) years or older, or their representative, may review any educational records which are designated as student records collected, maintained, and used by the District. Review shall normally occur within five (5) school days and in no case longer than forty-five (45) days. Parents shall have the right to an explanation or interpretation of information contained in the record. Non-custodial parents shall have the same right of access as custodial parents, unless there is a legally binding document specifically removing that right.

C. List of Types and Locations of Information.

A list of the records maintained on disabled students shall be available in the District office. Disabled student records shall be located in the district office, where they are available for review by authorized District personnel, parents, and adult students. Special education teachers will maintain an IEP file in their classrooms. These records will be maintained under the direct supervision of the teacher and will be located in a locked file cabinet. A record-of-access sheet in each special education file will specify the District personnel who have a legitimate interest in viewing these records.

D. Safeguards

The District will identify in writing the employees who have access to personally identifiable information, and provide training on an annual basis to those staff members.

E. Destruction of Information

The District will inform parents five (5) years after the termination of special education services that personally identifiable information is no longer needed for program purposes. Medicaid reimbursement records must be retained for a period of at least six years and three months from the date on which the service was rendered or until any dispute or litigation concerning the services is resolved, whichever is later. The parent will be advised that such information may be important to establish eligibility for certain adult benefits. At the parent's request, the record information shall either be destroyed or made available to the parent or to the student if eighteen (18) years or older. Reasonable effort shall be made to provide the parent with notification sixty (60) days prior to taking any action on destruction of records. Unless consent has been received from the parent to destroy the record, confidential information will be retained for five (5) years beyond legal school age.

F. Children's Rights

Privacy rights shall be transferred from the parent to an adult student at the time the student attains eighteen (18) years of age, unless some form of legal guardianship has been designated due to the severity of the disabling condition.

Discipline

Students with disabilities may be suspended from school the same as students without disabilities for the same infractions or violations for up to ten (10) consecutive school days. Students with disabilities may be suspended for additional periods of not longer than ten (10) consecutive school days for separate, unrelated incidents, so long as such removals do not constitute a change in the student's educational placement. However, for any additional days of removal over and

above ten (10) school days in the same school year, the District will provide educational services to a disabled student, which will be determined in consultation with at least one (1) of the child's teachers, determining the location in which services will be provided. The District will implement the disciplinary procedures in accord with the requirements of CFR 300.530-300.537.
